

T2FS 2026 RIDERS INFO

11 JULY- 03 AUG 2026

03/16/2026

Needs

1. **Road Guards** – We are hoping to have 4 but a min 2 folks with group ride experience who are going from Eugene to Arlington to serve as road guards. (Note requires comms below (hoping for donations to cover this))
 2. **Merchandise Lead** – We are in need of someone to handle the daily routine of merch sales. You do not have to ride a motorcycle, you could follow in your vehicle or ride with the truck towing the merch trailer.
-

COMMUNICATIONS

Instead of CB radios I would like to use GSMR Radios that have 3-4 times the range: **(This option is a HIGH recommendation. Bluetooth Capable) The radio is available at the [BTECH website](#), and at [Amazon](#). Use Coupon Code: RFTW** You will get both the Radio and Wireless PTT button for \$152.44. **Must Add Both items, [GMRS Pro radio](#), and [wireless PTT button](#)** to BTECH online cart. Deal Available at the [BTECH Website](#). Optional antennas are also available. I have tested these, and the range is amazing even when line of sight is not.

I have not tested this radio on my bike but have in my truck on the little antenna and was reaching our to the local CB shop nearly 7 miles away.

LEADERSHIP

- a) **Warren** is the HMFC A.K.A. Da Boss. We ask that once Departure Day arrives you refrain from asking him questions as much as possible. You cannot imagine the number of calls and coordination he is making behind the scenes daily.
 - b) **Junior our Mascot** – Everyone loves Junior, most forget he is a 200 pound plus behemoth who can be finicky about who he likes. **YOU MUST** clear it with Tom before approaching or attempting to pet Junior. Y'all can also help keep others doing the same.
 - c) **Mike Poirier** - Is the **Sr. Chaplain, Medic and Route Coordinator (RC)**, he will be updating the group on any possible issues for the ride. If you have questions, please direct them to Mike or _____ (ARC) as Warren is busy daily coordinating the ongoing schedule.
 - d) _____? – Is this year's **Assistant Route Coordinator**, he will insure we hit all our scheduled departure times and other incidental minutia to assist the RC.
 - e) **Neal is the keeper of the flame**, and as such unless he asks for your help, leave the torch trailer alone.
 - f) **We will appoint a designated Lead Bike/Vehicle prior to departure.** This requires GSMR comms.
 - g) _____, _____
 - h) _____, _____ **Road Guards** prior to departure, these must have GSMR radios
-

GENERAL INFO

1) Ride Requirements

- a) **PLEASE fill out the medical form**, we ask you to do this not to be a pain but hopefully easy yours should the occasion arise. I recommend that you place it on a lanyard around your neck.
- b) **We do not charge a fee to ride**. However, we greatly appreciate donations to help pay for the merchandise, the gifts for the family, basic expenses and more.

2) Expectations

- a) Have A Safe Trip
- b) Have an Enjoyable Trip
- c) Maintain Group Integrity

3) Route Challenges

- a) The current posted MAP of the route takes us from city to city only. As each day's visits become solidified a more refined route will be published.
- b) Services – Fuel and Food stops are planned for a max of 125 miles between stops so plan accordingly. We will have extra fuel just in case. Note we try and maintain 60-65 mph. However, sometimes we must crank it up down the highway to arrive at our next visit on time.
- c) There can be stops where “Premium Unleaded is below 90 Octane plan accordingly.
- d) At this time, we do not plan on having a chase truck. Be sure your bike coverage includes towing.
